# Richardson ISD Child Nutrition

## *Child Nutrition 2017-2018*

The Child Nutrition department is made up of a team of food and nutrition professionals that are dedicated to students' health, well being and their ability to learn. We support learning by promoting healthy habits for lifelong nutrition and fitness practices.

Meals, foods and beverages sold or served at schools meet state and federal requirements which are based on the USDA Dietary Guidelines. We provide students with access to a variety of affordable and appealing foods that meet the health and nutrition needs of students.

### Meal Payments

Students should have money in their account or pay cash for meals or any menu items. All of our serving lines have computerized point of sale registers where students put in their PIN number to access their lunch account. Meal payments can be made by cash, check or through the on line payment system. The cashier will inform the student when money should be deposited into the account. Notices will also be given to the classroom teacher to send home with the students in the elementary schools. We ask that parents monitor their student's lunch account balances and sending lunch money when needed. Payments and monitoring can be done at [www.PayPAMS.com](http://www.PayPAMS.com).

### Free and Reduced Meal Applications

Richardson ISD provides free and reduced-price cafeteria meals for students from families who qualify based on federal government guidelines. The meals served each school day are offered through the National School Breakfast Program/National School Lunch Program.

**You can apply for free or reduced school meals online! The process is quick, easy and FREE, and in a few short steps you'll be done!**

Visit [www.schoollunchapp.com](http://www.schoollunchapp.com) to apply on line.

**If a student was on the meal program at the end of the last school year, the benefit will carry over for the first 30 Days of school. A new application must be submitted to continue benefits for each school year.**

Paper applications for meal benefits may be picked up at the school office or from the Child Nutrition Office. Applications are distributed to every student at the beginning of each school year. They are accepted throughout the school year. Paper applications can take up to 10 days to process from the time they reach the CN office.

To avoid delays, complete ONE application per family. Print clearly and complete all required information. List everyone in the household and an adult signature is required. Multiple or incomplete applications will delay processing.

You can check on the status of your application for free or reduced school meals online. This is also a FREE service. Visit [www.schoollunchstatus.com](http://www.schoollunchstatus.com) and then select your state (Texas) and then your District (Richardson). Enter the confirmation number from the on line application OR the student's name and ID number. Click "Submit" to view your application status. It's that easy!

**You can also print your own letter for proof of meal benefits from this site.**

### Special Dietary Needs

Parents who want to get more information on the foods served in the cafeteria can find ingredient labels and nutrition panels for all foods served at [www.RichardsonISDchildnutrition.com](http://www.RichardsonISDchildnutrition.com). If a child has a disability, as determined by a doctor, and the disability prevents the child from eating the regular school meal, the school will make substitutions prescribed by the doctor at no extra charge. You will be asked to mark a menu and give it to the cafeteria manager indicating which items you wish your student to receive at each meal. Please contact your school nurse to inquire about diet alterations.

### Employment

Applicants interested in Child Nutrition Department positions should go to Human Resources in the RISD district administration building at 400 S. Greenville Avenue to fill out an application.
